

November 29, 2011

Dear Cheryl and LeRoy:

I take this opportunity to greet you in the name of our Lord Jesus Christ. I hope He is blessing you and your families abundantly.

About me, I already finished my fourth semester at College and thanks to God I did well. Not so long ago I was ill and had to be hospitalized because of an infection. I had to take antibiotics for that but with God's help everything is fine now.

My family is doing well. My little nephew celebrated his third birthday and my sister had a piñata for him (see photo). My father, my mother, my younger brother and I continue to work selling waffles and this is the time of the year when we have more work selling waffles at the city malls.

I will start my fifth semester at College next year. I am not too good at mathematics and I will have three classes related to math. I hope to do well with God's help.

I want to thank you for all you do for me. You are always in y prayers and you are present in my life. I hope you are doing well. Hope the job each one of you has is going well and hope that the rest of your family is doing well as well. May God deliver you from evil and may He give you abundant blessings.

I say bye asking God to give me the opportunity to meet you some day!

Sincerely,

Jennifer Carolina
